Southern Crescent Technical College, 2023-2024 College Catalog: College Wide Policies and Procedures

Overview of the Clery Act

Selecting the right college to attend is a large decision for students and their families. Additionally, deciding where to work and build a career is also a big decision and one that needs to be made based on an assessment of several factors. College safety and security is an important factor that goes into both decisions and should not be taken lightly.

Responding to concerns regarding campus safety and security at colleges and universities, Congress enacted the Crime Awareness and Campus Security Act of 1990, which amended the “Higher Education Act of 1965.” The 1998 amendments to this Act renamed it the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act in memory of Jeanne Clery, a first-year student at Lehigh University who was raped and murdered in her dorm room in 1986. This federal law has largely become known across the United States as the Clery Act.

All public and private postsecondary institutions that participate in Title IV student financial assistance programs must comply with the Clery Act. Among the various requirements, these colleges and universities are required to prepare, publish, and distribute a report concerning campus crime statistics, safety, and security policies on an annual basis through appropriate publications, mailings, or via an online computer network. This report must be distributed to all current students and employees as well as all prospective students and employees upon request.

Compliance with the final regulations and provisions of the Violence Against Women Act (VAWA) does not constitute a violation of §444 of the General Education Provisions Act (20 USC 1232g), commonly known as the Family Educational Rights and Privacy Act of 1974 (FERPA).

All Title IV institutions with on campus housing are required to prepare and distribute an Annual Fire Safety Report with specific statements of fire safety policies and procedures as well as the annual fire safety statistics for the past three calendar years. The 2023 SCTC Annual Security Report (ASR) includes, Clery Act crimes, arrest and disciplinary referrals as well as information about safety and security policies and practices intended to promote awareness about security and safety at SCTC are included. SCTC does not provide on campus housing.

Reporting the Annual Disclosure of Crime Statistics

SCTC Campus Safety and Security Department prepares the text for the policies and practices section with input and additional information from other college departments. SCTC Campus Safety and Security Department works in conjunction with the following SCTC departments to achieve compliance with the Clery Act:

- Student Services / Title IX Equity Coordinator
- Outside law enforcement agencies within our service area
- Tiger Care Team

SCTC Campus Safety and Security Department collects statistical information from Campus Security Authorities (CSAs) and local law enforcement agencies, including but not limited to, Butts County Sheriff's Department, City of Griffin Police Department, City of Jackson Police Department, City of McDonough Police Department, City of Monticello Police Department, City of Thomaston Police Department, Fayette County Sheriff's Department, Henry County Sheriff's Department, Jasper County Sheriff's Department, Spalding County Sheriff's Department, and Upson County Sheriff's Department. SCTC makes a good faith effort to obtain the statistics by requesting them, in writing, from non-police CSAs, and law enforcement agencies.

Campus Security Authorities (CSAs)

Campus Security Authorities is a Clery-specific term that encompasses, but are not limited to, four groups of individuals and organizations associated with an institution.

- A campus law enforcement unit;
- Any individual or individuals who have responsibility for campus security but who do not constitute a campus security force, such as an individual who is responsible for monitoring entrance into school property (e.g., an access monitor);
- An individual or organization specified in a school's campus security statement as the individual or organization to which students and employees should report criminal offenses;
- An official of a school who has significant responsibility for student and campus activities including, but not limited to, on campus housing, student discipline, and college judicial proceedings.

CSAs are responsible for immediately reporting crimes and incidents that occur on the SCTC property to the SCTC Campus Safety and Security Department. CSAs report forms have been created to capture this information and distribute it to the SCTC Campus Safety and Security Department. Forms are available on the SCTC Campus Safety and Security Department webpage.

Statistical crime information from SCTC Campus Safety and Security Department, other CSAs, and outside law enforcement agencies are integrated into a single page, included at the end of this document, on the SCTC Campus Safety and Security Department web page, and provided in a hard copy document upon request. We also submit these statistics to the US Department of Education. An annual notification is sent to the campus community reminding constituents that safety is a priority and refers them to the SCTC Clery website to review the complete report.

SCTC Campus Safety and Security Department Authority and Jurisdiction

The SCTC Campus Safety and Security Department was recognized by the State of Georgia on February 19, 2009 as a full authority law enforcement agency. College police officers are authorized under Georgia O.C.G.A. 20-4-39. The SCTC Campus Safety and Security Department has full police authority under these provisions and are authorized to make arrests on, and within 500 feet of any property owned or controlled by the Technical College System of Georgia within the State of Georgia.

SCTC Campus Safety and Security Department is responsible for the safety and security of all campuses, facilities, students and employees of the College and its adjoining grounds. It enforces the laws of the State of Georgia within our campuses, and has the authority to refer students to the office of Student Affairs for violations of the College's rules and student code of conduct. Additionally, it is responsible for taking possession of any lost and found items recovered within its authority.

SCTC Campus Safety and Security Department officers meet or exceed annual required training as set by the Georgia Peace Officer Standards and Training Council. All training documentation can be provided upon request.

SCTC Campus Safety and Security Department Mutual Aid Agreements

SCTC is the property of the State of Georgia and constitutional protections apply; local law enforcement officers may enter the campus to conduct business as needed. Additionally, these officers are invited to patrol the campus to assist SCTC Campus Safety and Security Department in deterring crime. All law enforcement agencies are expected to check in with SCTC Campus Safety and Security Department when on campus. SCTC Campus Safety and Security Department has a good relationship with all the agencies surrounding its jurisdiction. The exercise of that authority is described in mutual aid agreements (MAA) between SCTC Campus

Safety and Security Department and the following agencies: Spalding County Sheriff's Office, Henry County Sheriff's Office, Butts County Sheriff's Office, Jasper County Sheriff's Office, and Upson County Sheriff's Office, and City of Thomaston Police Department. These mutual aid agreements also include, if requested, assistance with an investigation of any alleged criminal offenses.

Student Organizations at Off-Campus Locations

SCTC does not have any officially recognized student organizations off campus. We rely on our close working relationships with local law enforcement agencies to receive information about incidents involving our students, on and off campus. In coordination with local law enforcement agencies, our police will actively investigate or coordinate investigation of certain crimes occurring on or near campus. If we learn of off campus criminal activity involving students, we coordinate with the appropriate law enforcement agency and forward information about the situation to the Office of Student Affairs.

Reporting Criminal Offenses, Emergencies & Other Incidents

Dialing 911 should report crimes in progress and crimes that have just occurred should be reported to SCTC Campus Safety and Security Department as soon as possible by dialing 770-467-4491 from any cellular or College phone.

What to report?

- You see someone committing a crime
- You need to report an old crime
- You see anyone or anything suspicious
- Someone is injured or ill
- You see fire or smell smoke
- You have knowledge of a chemical spill

Students, employees, guests, and other community members are encouraged to report all crimes and public safety-related incidents to the SCTC Campus Safety and Security Department in a timely manner.

Reports can be made in person at 501 Varsity Road Griffin, Georgia 30223 or by calling 770-467-4491 to have an officer dispatched to your location. Reporting timely information assists in developing Timely Warnings or Emergency Notifications and Crime Alerts regarding potential danger on campus. Crimes or incidents occurring outside the SCTC Campus Safety and Security Department jurisdiction should be reported to the agency having jurisdiction where the incident occurred.

When calling to report a crime or incident, please be prepared to provide detailed information such as a brief description of the incident, when and where the incident occurred, description of the suspect(s), weapons the suspect(s) carried, where and when the suspect(s) were last seen and any other relevant information. Whenever possible, the actual victim or witness of the crime should call directly. Ultimately, it is up to each of us to be aware of our surroundings and use reasonable judgment while on campus or attending a College function. It is also up to each of us to report any incidents we may feel are suspicious, against College policy or a threat to another individual.

Voluntary, Confidential Reporting

The SCTC Campus Safety and Security Department encourages anyone who is a victim or witness to any crime to promptly report the incident to the police. Because police reports are public records under state law, the SCTC Campus Safety and Security Department cannot hold reports of a crime in confidence. Confidential reports for the purposes of inclusion in the annual disclosure of crime statistics can generally be made to other SCTC Campus Security Authorities.

Professional and pastoral counselors are exempt from reporting requirements. SCTC encourages counselors and clergy, when they deem it appropriate, to inform those they counsel of procedures for reporting crimes on a voluntary, confidential basis to any CSAs for inclusion in the ASR.

Reporting crimes or emergencies is voluntary. All crimes and emergencies should be accurately and promptly reported to the SCTC Campus Safety and Security Department at 770-467-4491, the Officer on Duty telephones for each campus, or the local police agency when attending a SCTC class or SCTC sponsored function at an off-campus location. SCTC does not have any non-campus organizations or on campus housing, but SCTC does have off-campus sporting events. At those times, a SCTC Campus Safety and Security police officer may be assigned to the event for security purposes. If a SCTC Campus Safety and Security police officer is not present, the local law enforcement agency will be responsible for responding to a crime or incident, and will report any problems to SCTC Campus Safety and Security. All crimes should be reported to the SCTC Campus Safety and Security for investigating the crime, making a timely warning report, and for annual disclosure in the crime statistics. SCTC Campus Safety and Security does not have a process for voluntary confidential reporting due to state open-records laws. However, if you are the victim of a crime and do not want to pursue action within the SCTC Campus Safety and Security Department or within the criminal justice system, you may want to consider making an anonymous report. You may contact the SCTC Campus Safety and Security Department Anonymous Tip link at <https://www.sctech.edu/police/anonymous-tip/>. With such information, SCTC can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime regarding a location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution. Confidential reports can be made to campus pastoral and professional counselors. According to the 1998 amendments to the 20 U.S.C. Section 1092 (f), campus “pastoral counselors” and “professional counselors,” when acting as such, are NOT considered to be a campus security authority, and are NOT required to report crimes for inclusion into the annual disclosure of crime statistics. But, while in the course of their professional duties as a mental health counselor (e.g., in a counseling session, assessment, crisis intervention session or a consultation situation), any Counseling and Psychological Services professional staff member (e.g., licensed professional counselor, psychologist, social worker, administrative assistant or student intern) who learns from an SCTC student that he or she has been a victim of a crime will provide the information to the SCTC Campus Safety and Security Department.

Protecting Victim Confidentiality

SCTC officials will make every effort to ensure confidentiality and will protect the identity of persons. Accommodations or protective measures will be provided to persons who report having been victims of sexual assault, domestic violence, dating violence, or stalking to the fullest extent of the law. As required by 34 CFR 668.46(b) (11) (iii)(A) and (B) as described in 40002(a)(20) of the Violence Against Women Act of 1994 as described in (42 U.S.C.13925(a)(20) and all members of the college community are urged to treat knowledge of an individual’s status as confidential. Personal identification information is not published to the public.

Reporting to SCTC Campus Safety and Security Department

The SCTC Campus Safety and Security Department has primary jurisdiction and responsibility for investigating crimes and providing police services to the college community. Police services are available during the hours the campus is open to the public. The SCTC Campus Safety and Security Department headquarters is located at 501 Varsity Road Griffin, Georgia 30223. It is encouraged at SCTC that all crimes reported to any college official be relayed to the SCTC Campus Safety and Security Department; however, professional, and pastoral counselors are exempted when acting in their official capacity. The College has procedures in place that serve to be sensitive to those who report sexual assaults, domestic violence, dating violence, and stalking, including informing students and employees about their right to file criminal charges, as well as the availability of written information on counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance and other services on and/or off campus. Additional remedies to prevent contact between a complainant and an accused party, such as academic, living, transportation and working accommodations, will be provided if reasonably available. SCTC will make such accommodations, if the victim requests them and if they are reasonable and available, regardless of whether the victim chooses to report the crime to the Campus Safety and Security or local law enforcement.

The SCTC Campus Safety and Security Department will collect and provide statistics on reported sexual assaults as required by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. All personally identifying information will be removed from statistical reports.

A responsible employee includes any employee: who has the authority to act to redress sexual violence; who has been given the duty of reporting incidents of sexual violence or any other misconduct by students to the Title IX coordinator or other appropriate designee; or whom a student could reasonably believe has this authority or duty. Subject to the exemption for counseling employees, a responsible employee must report to the school's Title IX coordinator, or other appropriate designee, all relevant

details about the alleged sexual violence that the student or another person has shared and that the College will need to determine what occurred and to resolve the situation. This includes the names of the alleged perpetrator (if known), the student who experienced the alleged sexual violence, other students involved in the alleged sexual violence, as well as relevant facts, including the date, time, and location.

Statistical Reporting

Professional counselors associated with SCTC with whom conversations are privileged will inform survivors of the ability to report crimes on a confidential basis for statistical purposes. Any such reporting is voluntary. All other college personnel are required to notify the SCTC Campus Safety and Security Department upon receipt of a report of sexual assault for Clery Act reporting purposes. SCTC officials will make every effort to ensure the confidentiality of survivors, and all members of the college community are urged to treat knowledge of an individual's status as a survivor of sexual assault/abuse in a confidential manner. Personal identification information is not published to the public.

Legal Options

Reporting a sexual assault, attempted sexual assault, domestic violence, dating violence or stalking to the SCTC Campus Safety and Security Department does not mean that the survivor must press charges. However, it does begin the legal process should the decision to prosecute be made later. The sooner an assault is reported; the more likely valuable evidence can be collected. Survivors can consult an attorney about initiating a suit in civil court for damages against the assailant. The purpose of a civil suit is to compensate the survivor for the wrong done to them. A civil action may be brought against the assailant regardless of whether criminal charges are pursued. SCTC Campus Safety and Security can assist with orders of protection.

Emergency Response, Notification and Evacuation Procedures

SCTC has established procedures to ensure, to the greatest extent possible, the safety and welfare of the College's students and employees. This procedure is to provide guidelines in case of a response to a significant emergency or dangerous situation involving an immediate threat to the health or safety of students and employees occurring on or near the campus.

Exercises and drills are key parts of the college's emergency response management program. SCTC Campus Safety and Security Department is responsible for scheduling and oversight of emergency exercises. Exercises are developed based on an assessment of which areas of emergency response capability need testing and will include appropriate internal and external groups needed to effectively test the College's response. Drills are conducted once a semester, or when there is a need for more training and can be unannounced or announced. Exercises are conducted annually. Copies of the training exercises, After Action Reports, can be obtained at the SCTC Campus Safety and Security Department office.

Drills, Exercises and Training

At least annually, the college engages in active intruder exercises, evacuation drills, lockdown drills, and tornado drills. SCTC Campus Safety and Security Department maintains drills, exercises and training logs for each college, and they are located at the Flint River Campus Safety and Security Office.

Emergency Notification

Reports of emergencies or dangerous situations can originate from various sources including;

- Reports from first responders
- Reports from established warning points
- Reports from other campus departments
- Reports from citizens through 911

Determining the Appropriate Segment or Segments of the Campus Community to Receive an Emergency Notification:

Apart from emergencies that are contained to one campus facility/area, the college has decided not to provide segmented emergency notifications. This decision was made based on the analysis of identified risks to the campus and to prevent accidental exclusion of a segment of campus population that the emergency notification was intended for.

In the situations when a single facility/area is involved, facility alarms, public address systems, phone-trees, and other technologies of the facility may be utilized to provide warning. Campus personnel may also provide warning if needed and feasible. Should a segmented emergency notification be issued, on-going assessments of the situation will occur and a campus-wide notification will be sent as necessary.

Determining the Contents of the Emergency Notification

The content of an emergency notification will depend on the situation and the notification method. However, the following information will be included in all initial emergency notifications regardless of the situation or method:

- A description of the situation (flash flood warning, dangerous situation, etc.)
- Relevant safety instructions (move to higher ground, shelter in place, etc.)

A third element of where to get more information (i.e., college website) will be included in the initial notification if feasible. Because of text character limits, or the immediate availability of information, the third element of where to get information may not always be included in the initial emergency notification.

The SCTC Campus Safety and Security Department typically confirms emergencies on campus, in consultation with other offices such as the National Weather Service and/or responding law enforcement or fire departments. The SCTC Campus Safety and Security Department is also authorized to activate the systems in an emergency.

Procedures for Disseminating Emergency Information to the Greater Community

SCTC Chief of Police in conjunction with the Office of the President, is responsible for initiating emergency notifications of criminal or emergency occurrences to the greater community. The Chief of Police or his designee will be responsible for disseminating the following notifications using some or all the below listed systems when activation is required and to providing follow-up information regarding the emergency as needed:

- Activate the SCTC Alert System (text, email, telephone calls to registered users)

Enrolling in the SCTC's Emergency Notification System

When a student is registered, their account is created for them. Within the first week of the semester, they should receive an email in their student email account with their login information. Once they receive that information, students should take a moment to login and review/update their contact information. Once they graduate or leave the college, their account will be disabled.

Timely Warnings

The SCTC President or designee is responsible for determining the content and distributing a timely warning notice to the community. A timely warning notice is considered for distribution to the SCTC community for all Clery Act crimes that are;

- (1) Reported to campus security authorities or local police and
- (2) Determined by the institution to represent a serious or continuing threat to students and employees. Such reports shall be provided to students and employees in a manner that is timely, that withholds as confidential the names and other identifying information of victims, and will provide protective advice that will aid in the prevention of similar occurrences.

The decision to issue a timely warning shall be decided on a case-by-case basis. The decision is made by the SCTC President or designee considering all available facts, including whether the crime is a serious or continuing threat to students or employees. Certain specific information may be withheld from a warning if there is a possible risk of compromising law enforcement efforts. But if a crime occurs that would pose a serious or continuing threat to the SCTC community, a timely warning notice would be distributed to the College community.

The SCTC President or designee reviews all Campus Police reports to determine if there is an ongoing threat to the community and if the distribution of a timely warning notice is warranted. Timely warning notices may also be posted for other crime classifications, as deemed necessary. The SCTC President or designee is primarily responsible for determining the content and distributing a timely warning notice to the community. However, in general, whenever there has been a report of a violent crime or a major property crime on campus and the SCTC Campus Safety and Security Department believes the safety of the College community is at a continual risk, a timely warning will be issued immediately.

How Timely Warnings are Issued

The warning process will at a minimum entail a combination of

- All-campus electronic mail postings.
- Electronic posting on the Southern Crescent Technical College Campus Safety and Security Department Web page at <https://www.sctech.edu/police>
- Physical postings of bulletins in designated campus buildings by campus police and security personnel may be an option depending upon circumstances.
- School Cast Emergency Alert Software.
- The college wide VoIP announcement system.

The system is capable of rapidly sending text and voice messages to identified devices and systems.

College Emergency Evacuation Procedures

Evacuation drills are conducted quarterly and at additional intervals as determined by the SCTC Campus Safety and Security Department. These unannounced drills prepare building occupants for an organized evacuation in case of fire or other emergencies. During the drill, occupants practice drill procedures and familiarize themselves with the location of exits, the evacuation route, designated assembly locations and the sound of the fire alarm.

The Emergency Procedure Quick Reference Guide was developed to provide an organized response to most emergencies that can be expected in the workplace. The manual is posted next to the door of every room throughout the entire SCTC system and provides actions to be taken by students and employees in the event of an emergency as well as proper building evacuation and emergency response procedures.

Evacuate when:

- A fire and/or life safety emergency occurs;
- The fire alarm activates (audible and/or visual);
- Notified to do so by emergency response personnel;
- Be aware of all exits from your area and building. Know the routes from your work area.
- When the fire alarm activates or you are told to leave, walk quickly to the nearest marked exit, and ask others to do the same. Do not run;
- Do not use elevators unless directed to do so;
- ASSIST persons with disabilities, access, or functional needs if you are willing and able;
- Notify emergency personnel if you suspect someone may be trapped in the building;
- Once outside, move to your designated assembly area. Keep streets and walkways clear for emergency vehicles and personnel;
- DO NOT return to an evacuated building until an all-clear message is given and you are directed to do so.

Annual Fire Safety Report

SCTC does not provide on-campus housing therefore this section does not apply.

Violence or Crime in Progress

Do not take unnecessary chances

Do not interfere with:

- Persons committing the crime/creating the disturbance
- Law enforcement authorities on the scene

If you are the victim of, are involved in, or witness any on-campus violation of the law such as an assault, robbery, theft, stalking, etc. that is in progress, Call 911 Immediately.

Shelter-In-Place (Lock Down) – Police Activity

A Shelter-In-Place (Lock Down) notification may be issued when the SCTC Campus Safety and Security determines that there is a potential threat to the college. When notified to Shelter-In-Place or Lock Down, initiate action immediately. Take School Cast Alerts and VOIP messages seriously. You will be safest by placing a locked door or other barricade between you and the associated violence or danger. Do not leave until an ALL CLEAR message is received.

Security & Access to Campus Buildings & Grounds

Special Considerations for on Campus Housing Access:

Southern Crescent Technical College does not have on-campus housing and this does not apply.

Security Considerations for the Maintenance of College Facilities

All academic buildings at the college are open to students, parents, employees, contractors, guests, and invitees. SCTC academic buildings are generally open from 8:00 a.m. to 10:00 p.m., Monday through Thursday, 8:00 a.m. to 12:00 p.m. on Friday. Certain academic buildings are also open Friday and on weekends for classes and special activities. All college facilities and grounds are open access with a few buildings being key code access. Persons wanting to enter a building after-hours must have approved access. In the case of periods involving extended closing times, the College will admit only those with prior supervisory approval or approval from Campus Police to enter the facilities. Security cameras are placed at strategic locations around each campus/center for safety reasons. These cameras are not actively monitored, but all footage is saved on a digital feed. Cameras are checked routinely through visual confirmation to ensure the component is working.

Facilities and landscaping are maintained in a manner that minimizes hazardous conditions. SCTC Campus Safety and Security Department regularly patrols the campus and reports malfunctioning lights and other unsafe physical conditions to Facilities Management for correction. Other members of the College community are helpful when they report equipment problems to Campus Safety and Security or to Facilities Management.

Crime Prevention, Safety Awareness, Sexual Assault Programs

The SCTC Campus Safety and Security Department is committed to the principles of community policing. Crime prevention/awareness programs begin with new student and employee orientation presentations. Through the SCTC Campus Safety and Security Department website, special pamphlets, flyers, and the crime log, the College community is informed of crime trends, safety tips, and special programs.

Upon request from any department or student organization, the SCTC Campus Safety and Security Department will provide informational seminars, including speakers, on a variety of topics including the prevention of rape, sexual assault, theft, robbery prevention, drug and alcohol awareness, safety issues, and advice about personal defense. Members of the SCTC Campus Safety and Security Department also routinely participate in Safety Awareness Committee meetings on these and other crime prevention subjects. The SCTC Campus Safety and Security Department attends Student Government Association meetings upon invitation to answer any questions and provide information relative to crimes and crime trends on campus. Anyone wishing to request such crime prevention service, or anyone who desires more information, should contact the SCTC Campus Safety and Security Department at 770-467-4491

SCTC Campus Safety and Security Department participates in annual student informational workshops such as Dating & Domestic Sexual Violence, Drug and Alcohol Awareness, and Be Safe on Campus sessions as well as online education. This online education provides critical education on sexual harassment, connects students with support resources, discusses factors that contribute to sexual harassment and relationships, and educates students to become knowledgeable in prevention/intervention. These courses are implemented during the spring and Fall Semesters. The Office of Student Affairs manages implementation of HAVEN & Alcohol Edu. Sexual Assault Prevention for Undergraduate Students & Alcohol EDU Online Training is required under Violence Against Women Act (VAWA). The service provided by EverFi, is available to students enrolled in ALHS 1040, CRJU 1010, EMPL 1000, PSYC 1010 or 1101, COLL 1500, Student Leaders, and SCTC Athletes

Annual Disclosure of Crime Statistics

In compliance with the Clery Act, the SCTC Campus Safety and Security Department has the responsibility to report certain crime statistics to the Department of Education. Additionally, the SCTC Campus Safety and Security Department must also comply with other state and federal crime statistics reporting mandates. There is a difference in reporting requirements between the ASR and other state and federal crime statistics reporting mandates. Clery Act compliance requires the reporting of student disciplinary referrals, which are not necessarily required by either state or federal law enforcement. The ASR also mandates the collection of crime data from non-law enforcement personnel identified as CSAs.

This report contains crime statistics that have been compiled from the 2020, 2021, and 2022 calendar years. The statistics reported were compiled from but not limited to data collected from fifteen (15) reporting sources:

Butts County Sheriff's Department	Jasper County Sheriff's Department
City of Barnesville Police	Monticello Police Department
City of Griffin Police Department	Peachtree City Police Department
City of Fayetteville Police Department	SCTC Campus Safety and Security Department
City of McDonough Police Department	Spalding County Sheriff's Department
City of Thomaston Police Department	Upton County Sheriff's Department
Henry County Sheriff's Department	Zebulon Police Department
Lamar County Sheriff's Department	

CSAs crime statistics gathered by the SCTC Campus Safety and Security Department are collected and reported on an annual/calendar year basis.

Definitions of Reportable Crimes

- **Murder/Manslaughter:** the willful killing of one human being by another.
- **Manslaughter by Negligence:** the killing of another person through gross negligence.
- **Sex Offenses:** any sexual acts directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.
 - **Rape:** Defined in the FBI's Uniform Crime Reporting system as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. This offense includes the rape of both males and females.

Georgia State code 16-6-1 states:

(a) A person commits the offense of rape when he has carnal knowledge of: (1) A female forcibly and against her will: or (2) A female who is less than ten years of age. Carnal knowledge in rape

occurs when there is any penetration of the female sex organ by the male sex organ. The fact that the person allegedly raped is the wife of the defendant shall not be a defense to a charge of rape. Rape is punishable by death, life imprisonment with or without parole, or a minimum of 25 years' imprisonment, followed by probation for life.

- **Fondling:** Defined in the FBI's Uniform Crime Reporting system as touching of the private parts of another person for the purposes of sexual gratification, without consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

Georgia State code 16-6-22.1 defines fondling (Sexual Battery) as follows:

(a) For the purposes of this Code section, the term "intimate parts" means the primary genital area, anus, groin, inner thighs, or buttocks of a male or female and the breasts of a female.

(b) A person commits the offense of sexual battery when he or she intentionally makes physical contact with the intimate parts of the body of another person without the consent of that person.

- **Incest:** Defined in the FBI's Uniform Crime Reporting system as non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Georgia State code 16-6-22 defines incest as follows:

A person commits the offense of incest when such person engages in sexual intercourse or sodomy, as such term defined in Code Section 16-6-2, with a person whom he or she knows he or she is related to either by blood or marriage as follows: (1) Father and child or stepchild; (2) Mother and child or step child; (3) Siblings of the whole blood or of the half-blood; (4) Grandparent and grandchild; (5) Aunt and niece or nephew; or (6) Uncle and niece or nephew.

- **Statutory Rape:** Defined in the FBI's Uniform Crime Reporting system as a non-forcible sexual intercourse with a person who is under the statutory age of consent.

Georgia State code 16-6-3 defines statutory rape as follows:

A person commits the offense of statutory rape when he or she engages in sexual intercourse with any person under the age of 16 years and not his or her spouse, provided that no conviction shall be had for this offense on the unsupported testimony of the victim.

- **Robbery:** taking or attempting to take anything of value from the car, custody or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.
- **Aggravated Assault:** an unlawful attack by one person upon another for inflicting severe or aggravated bodily injury. This type of assault usually is accompanied using a weapon or by means likely to produce death or great bodily harm.
- **Burglary:** the unlawful entry of a structure to commit a felony or a theft.
- **Motor Vehicle Theft:** the theft or attempted theft of a motor vehicle.
- **Arson:** any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

- **Hates Crimes:** includes all the crimes listed as reportable Clery crimes that manifest evidence that the victim was chosen based on one of the categories of bias listed below, plus the following crimes. Hate crimes are defined as criminal offenses that manifest evidence that the victim was intentionally selected because of the perpetrator’s bias against the victim.
 - **Larceny/Theft**—includes, pocket picking, purse snatching, shoplifting, theft from building, theft from motor vehicle, theft of motor vehicle parts or accessories, and all other larceny.
 - **Simple Assault**—an unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.
 - **Intimidation**—to unlawfully place another person in reasonable fear of bodily harm using threatening words and/or other conduct but without displaying a weapon or subjecting the victim to actual physical attack.
 - **Destruction/Damage/Vandalism of Property (except Arson)**—to destroy willfully or maliciously, damage, deface or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

- **Consent:** is when someone agrees, gives permission, or says yes enthusiastically to sexual activity with someone else. Central to the concept of consent is the understanding that every person has a right to control his/her body and to not be acted upon by someone else in a sexual manner unless he/she gives clear permission to do so. The person initiating the sexual activity is responsible for obtaining permission from the person or persons he/she wants to engage in sexual activity with. Consent is always freely given, and every person involved in a sexual situation must feel that they are able to say “yes” or “no” at any point during sexual activity. Absence of clear permission means you cannot touch someone, not that you can. In most cases, consent should be a clear verbal agreement. However, if a person is seeking consent from someone who cannot communicate verbally, he/she should obtain consent using another agreed upon method of communication. Non-verbal communication includes sign language, writing or typing messages, gestures, nodding or shaking one’s head, and blinking, to name just a few.

- **Sexual Assault:** An offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI’s Uniform Crime Reporting system. A sex offense is an act of a sexual nature, directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.
 In Georgia, O.C.G.A. 16-6-5.1, sexual assault is defined as “sexual contact” that is perpetrated by “a person who has a supervisory or disciplinary authority over another individual.” More specifically, sex offenses are defined individually in the Georgia State Code.
 Sexual assault is an umbrella term referring to a range of nonconsensual sexual contact, which can occur in many forms, including but not limited to rape and sexual battery.

- **Domestic Violence:** Includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of alleged victim, by a person with whom the alleged victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the alleged victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred, or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

The State of Georgia does not have any specific law regarding Domestic Violence. If a crime of battery occurs and the elements listed in the above definition exist regarding the relationship between the perpetrator and the victim, then it is indicated on the arrest warrant under O.C.G.A 19-31-1 referred to as Family Violence.

- **Dating Violence:**

(1) "Dating relationship" means a committed romantic relationship characterized by a level of intimacy that is not associated with mere friendship or between persons in an ordinary business, social, or educational context; provided, however, that such term shall not require sexual involvement.

(2) "Dating violence" means the occurrence of one or more of the following acts between persons through whom a current pregnancy has developed or who are currently, or within the last 12 months were, in a dating relationship:

(A) Any felony; or

(B) Commission of the offenses of simple battery, battery, simple assault, or stalking.

- **Stalking:** The term "stalking" means

(1) Engaging in a course of conduct directed at a specific person that would cause a reasonable person to:

(A) Fear for the person's safety or the safety of others; or

(B) Suffer substantial emotional distress.

(2) For the purpose of this definition:

(A) Course of conduct means two or more acts, including, but not limited to, acts which the stalker directly, indirectly, or through third parties, by an action, method, device, or means follows, monitors observe, surveils, threatens, or communicates to or about, a person, or interferes with a person's property.

(B) Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

(C) Reasonable persons mean a reasonable person under similar circumstances and with similar identities to the victim.

For the purposes of complying with the requirements of this section, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Georgia State code 16-5-90 defines stalking as follows:

(a)(1) A person commits the offense of stalking when he or she follows, places under surveillance, or contacts another person at or about a place or places without consent of the other person for harassing and intimidating the other person. For the purpose of this article, the terms "computer" and "computer network" shall have the same meanings as set out in the Code Section 16-9-92; the term "contact" shall mean any communication including without being limited to communication in person, by telephone, by mail, by broadcast, by computer, by computer network, or any other electronic device is deemed to occur shall be in the place or places where such communication is received. For this article, the term "place or places" shall include any public or private property occupied by the victim other than the residence of the defendant. For the purposes of this article, the term "harassing and intimidating" means a knowing and willful course of conduct directed at a specific person which causes emotional distress by placing such person in reasonable fear for such person's safety or the safety of a member of his or her immediate family, by establishing a pattern of harassing and intimidating behavior, and which serves no legitimate purpose. This Code section shall not be construed to require that an overt threat of death or bodily injury has been made.

(2) A person commits the offense of stalking when such person, in violation of a bond to keep the peace posted pursuant to Code Section 17-6-110, standing order issued under Code Section 19-1-1, temporary restraining order, temporary protective order, permanent restraining order, permanent protective order, preliminary injunction, or permanent injunction or condition of pretrial release, condition of probation, or condition of parole in effect prohibiting the harassment or intimidation of another person, broadcasts or publishes, including electronic publication, the picture, name, address, or phone number of a person for whose benefit the bond, order, or condition was made and without such person's consent in such a manner that causes other persons to harass or intimidate such person and the person making the broadcast or publication knew or had reason to believe that such broadcast or publication would cause such person to be harassed or intimidated by others.

Categories of Bias:

- **Disability Bias** is a preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments/challenges, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.
- **Ethnicity Bias** is a preformed negative opinion or attitude toward a group of persons of the same race who share common or similar traits, languages, customs and traditions (e.g., Arabs, Hispanics).
- **Gender Bias** is a preformed negative opinion or attitude toward a group of persons because those persons are male or female.
- **Race Bias** is a preformed negative attitude toward a group of persons who possess common physical characteristics (e.g., color of skin, eyes, and/or hair; facial features, etc.) genetically transmitted by descent and heredity, which distinguish them as a distinct division of humankind (e.g., Asians, blacks, whites).
- **Religion Bias** is a preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being (e.g., Catholics, Jews, Protestants, atheists).
- **Sexual Orientation Bias** is preformed negative opinion or attitude toward a group of persons based on their sexual attraction toward, and responsiveness to, members of their own sex or members of the opposite sex (e.g., gays, lesbians, heterosexuals).
- **National Origin Bias** is a preformed negative opinion or attitude toward a national origin who share common or similar traits, languages, customs and traditions (e.g., Middle Eastern, Haitian).
- **Gender Identity Bias** is how a person's gender identity is communicated to others, through behavior, clothing, hairstyle, voice, and emphasizing, de-emphasizing or changing physical characteristics.

Policy on Sexual Assault

SCTC does not tolerate sexual assault, sexual misconduct, domestic violence, dating violence or stalking against anyone regardless of sex, gender, sexual orientation, or gender identity. The SCTC attempts to protect all members of the College community, including visitors, from sexual assault, sexual misconduct, domestic violence, dating violence or stalking and offers anyone who is a survivor of any of these offenses the right to reach justice and recovery without encountering fear or prejudice. SCTC is committed to providing a safe learning environment that supports the dignity of all members of the college community. The college strongly encourages anyone who is a survivor of any of these offenses to promptly file a report with SCTC Campus Safety and Security Department or any other law enforcement agency with co-jurisdiction. SCTC Campus Security Authorities are available around campus to assist in victim assistance services, if needed. All reported instances of sexual assault, sexual misconduct; domestic violence, dating violence or stalking shall be investigated and responded to promptly, fairly, and decisively.

Risk Reduction

With no intent to blame victims, and recognizing that only rapists are responsible for rape, the following are some strategies to reduce one's risk of sexual assault or harassment (taken from Rape, Abuse & Incest National Network, (<https://www.rainn.org>).

- Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
- Try to avoid isolated areas. It is more difficult to get help if no one is around.
- Walk with purpose. Even if you do not know where you are going, act like you do.
- Try not to load yourself down with packages or bags, as this can make you appear more vulnerable.
- Make sure your cell phone is with you and charged.
- Do not allow yourself to be isolated with someone you do not trust or someone you do not know.
- Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
- When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
- Trust your instincts. If you feel unsafe in any situation, go with your gut feelings. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).
- Do not leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you have left your drink alone, just get a new one.
- Do not accept drinks from people you do not know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, do not drink from the punch bowls or other large, common open containers.
- Watch out for your friends, and vice versa. If a friend seems incoherent or dazed, is way too intoxicated for alcohol they have had, or is acting out of character, get him or her to a safe place immediately.
- If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.). Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
- If you need to get out of an uncomfortable or scary situation, here are some things that you can try:
 - Remember that being in this situation is not your fault. You did not do anything wrong; it is the person who is making you uncomfortable that is to blame.
 - Be true to yourself. Do not feel obligated to do anything you do not want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
 - Have a code word with your friends or family so that if you do not feel comfortable, you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
 - Lie. If you do not want to hurt the person's feelings, it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
- Try to think of an escape route.
 - How would you try to get out of the room?
 - Where are the doors?
 - Windows?
 - Are there people around who might be able to help you?
 - Is there an emergency phone nearby?
- If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

Rape Awareness on College Campuses

Although you may never have been personally involved in a sexually violent situation, the chances are that someone you know has been. The following material will address the subject of acquaintance rape, a problem that is increasing on college campuses. It will define acquaintance rape, offer suggestions on how to avoid it, and give information on how to help a victim. Rape is not just a problem for women. Men and women must work together to bring about the changes needed to end sexual violence.

Types of Rape

People who are forced to have sexual contact against their will are victims of sexual assault. If the assault involves sexual intercourse by force or without consent, it is rape.

Two types of rape are:

- Acquaintance Rape—rape by someone the victim knows (this type of rape occurs most often)
- Stranger Rape—rape by someone unknown to the victim.

Rapists are not always strangers. When someone you know—a date, steady boyfriend or girlfriend, or casual friend—forces you to have sex, it is still rape.

Preventing acquaintance rape: There are no definite rules to avoid becoming a victim of acquaintance rape. However, if expectations and feelings about sex are clearly communicated, then rape is less likely to happen.

Active Bystander

Bystanders play a critical role in the prevention of sexual and relationship violence. They are individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it. We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some ways to be an active bystander.

- If you or someone else is in immediate danger, dial 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.
- Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
- Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
- Speak up when someone discusses plans to take advantage of another person. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
- Refer people to on or off-campus resources listed in this document for support in health, counseling, or with legal assistance.

Procedures for Reporting Dating Violence, Domestic Violence, Sexual Assault, or Stalking

Persons who believe they have been the victim of Dating Violence, Domestic Violence, Sexual Assault, or Stalking on campus should immediately dial 911 and report the incident to the SCTC Campus Safety and Security Department at 770-467-4491. SCTC will provide resources on campus, off campus, or both including written information, to persons who have been victims of sexual assault, domestic violence, dating violence, or stalking, and will apply appropriate disciplinary procedures to those who violate this policy.

In 2018, a State Investigator for Title IX position was added at the Technical College System of Georgia System Office. The College Title IX Coordinator notifies the State Investigator of all Title IX complaints at the College.

The State Investigator works with the College's Title IX Coordinator to coordinate the investigation into all complaints.

If you or someone you know has become a victim of dating violence, domestic violence, sexual assault, or stalking, then the following steps are strongly suggested:

- Get to a safe place.
- Call the police immediately.
- If you are not sure about prosecution, but you might want to prosecute later, you are encouraged to obtain a medical evidentiary examination. You are encouraged to file a police report and you always have the right to change your mind and not to pursue a criminal complaint.
- If you are not sure what to do, you can call the National Rape Crisis Hotline at 1-800656-HOPE.
- Do not bathe, shower, douche, change your clothes, or disturb anything at the crime scene. Extremely valuable physical evidence can be obtained from you, your clothing,
- and objects at the scene of the crime, as this may be helpful in obtaining a protective order.
- If you do not wish to make a report to the police, you are still encouraged to seek professional medical advice. It is important not to forget the possibility of sexually transmitted diseases and/or pregnancy.
- If the victim chooses to report an incident of dating violence, domestic violence, sexual assault, or stalking to a Campus Safety and Security Authority, they can assist the victim in notifying the proper law enforcement authorities, if the victim so chooses to remain confidential then accommodations can be made.

SCTC will provide protective measures for victims called a Safety Action Plan. This plan is set in place to reduce the risk of harm while on campus or coming and going from campus. This plan may include, but is not limited to escorts, special parking arrangements, changing classroom location or allowing a student to complete assignments from home.

Persons who are Eligible to Apply for a TPO

Before an application for a Temporary Protective Order (TPO) can be made, an act of family violence or stalking must have occurred. The following parties are eligible to apply:

- Spouses (present or past)
- Parents of the same children
- Parents and children
- Step-parents and step-children
- Foster parents and foster children
- Persons living or formerly living in the same household

SCTC cannot apply for a temporary protective order for a victim. The victim is required to apply directly for these services. Below is information on who to contact to obtain a TPO:

Disciplinary Procedures in Sexual Assault Incidents

All students are encouraged to report incidents of sex discrimination and sexual misconduct against themselves or others to the SCTC Title IX Coordinator. Complaints must be filed in writing.

All allegations of sex discrimination and sexual misconduct on one of SCTC's college campuses or clinical locations must be reported to the Title IX Coordinator regardless of whether the allegations involve students or employees. All students, employees, and others participating in SCTC and/or College programs and activities in the United States are subject to this Title IX Procedure. If the allegations do not fall within the jurisdiction under this procedure, they may be referred and processed under the student code of conduct procedure.

Students have the right to file (or not to file) a criminal complaint for sexual violence with the local law enforcement authorities before, during, or after filing a complaint with SCTC. The investigation under this procedure shall not be unreasonably delayed to await the outcome of any criminal investigation. Sexual violence reports made to the Title IX Coordinator will be investigated and decided separately from any criminal complaints. A student may request that the Title IX Coordinator and/or the Investigator assist the student with notifying local law enforcement authorities. If SCTC campus law enforcement receives a complaint alleging sexual harassment and/or sexual misconduct as defined in this procedure, the Title IX Coordinator for SCTC shall be immediately notified so that appropriate action may be taken by the Title IX Coordinator regarding the complaint.

If a student filing a complaint alleging sexual misconduct requests confidentiality, anonymity or asks that the complaint not be pursued, SCTC must inform the complainant that its ability to respond may be limited, that retaliation for filing a complaint is prohibited, and that steps to prevent harassment and retaliation will be taken.

Regardless of a student's request for confidentiality, the anonymity of a complaint, or a request that a complaint not be pursued, if the complaint includes allegations of sexual assault, sexual violence, domestic violence, dating violence, or stalking, the Title IX Coordinator must report the incident to campus law enforcement for inclusion in SCTC's ASR. The complainant should be informed that their name will not be disclosed to campus law enforcement if they have requested confidentiality during the processing of the complaint.

SCTC may weigh a request for confidentiality, anonymity or a request they not pursue a complaint considering the following factors: the seriousness of the alleged conduct, the complainant's age, and the respondent's right to receive information about the allegations if the information is maintained as an "education record" under FERPA. SCTC must inform the complainant if the request cannot be granted and the reasons for the denial.

All complaints of prohibited conduct under this procedure will be reported immediately to the Technical College System of Georgia (TCSG) Title IX Investigator who will be responsible for conducting the investigation in a fair, prompt, and impartial manner.

The Title IX Investigator shall send written notice to both parties of the allegations upon receipt of a formal complaint. All investigations should be completed within 45 calendar days of receiving the complaint. Additionally, investigations will be conducted by gathering relevant information and interviewing appropriate witnesses.

Both the complaining party and the respondent (the parties) will be given equal opportunity to identify witnesses and offer evidence in person or in writing.

If the Investigator determines that all or some of the allegations made in the complaint are substantiated and that the conduct at issue constitutes a violation of this or other applicable procedures, the Title IX Coordinator shall forward the report to the appropriate officials at SCTC for further action in accordance with the applicable

provisions and SCTC's Student Code of Conduct and Disciplinary Procedure or the Positive Discipline Procedure for Employees.

On May 6, 2020, the U.S. Department of Education released updated Title IX rules on sexual harassment. Under the new rules, postsecondary institutions must hold live disciplinary hearings in sexual misconduct cases and allow cross-examination of witnesses. At least ten (10) days before the hearing, both parties must receive a written report that fairly summarizes the relevant evidence. These hearings are quasi-judicial proceedings with certain due process guarantees like a criminal trial.

Additionally, this process eliminates the "single investigator" model. Therefore, the decision maker cannot be the same person who serves as the Title IX Coordinator or investigator. Decision-makers must not only review the record created by investigators, but also hear live testimony from the witnesses.

SCTC must make advisors available when a party is unable to obtain an advisor on their own. Also, either party can request cross-examination be conducted during the hearings.

Respondents are now presumed innocent until proven guilty and the evidentiary standard set must be either preponderance of the evidence or clear and convincing evidence. Whatever standard is chosen must be applied in all sexual harassment cases.

At the end of the hearing, the decision-makers must provide a statement of and rationale for the result as to each allegation. Either party may appeal the written determination to the TCSG Commissioner. If appealed to the TCSG Commissioner, the Commissioner will review the written appeal documents from the parties and make a decision, that decision is final.

Alcohol and Drug Policy

Alcohol Policies

Any person using alcoholic beverages while on the campus of Southern Crescent Technical College shall be responsible for compliance with state and county laws and the College's Alcohol Policy. It is illegal in the State of Georgia for anyone under the age of 21 to purchase, possess or consume alcohol or to falsify or misrepresent his or her age to obtain alcohol.

Students must comply with all state and federal laws regulating alcohol as well as TCSG Policy II.C.6, Alcohol on Campus. Alcoholic beverages may not be served or sold at any student sponsored function. Students being in a state of intoxication on technical college premises or at technical college sponsored or supervised functions (including off campus functions), internships, externships, practicum, clinical sites, cooperative or academic sponsored programs or activities or in a technical college owned vehicle is prohibited.

Drug Policies

The use, possession, and/or sale of illegal drugs are violations of the College's Substance Abuse Policy, the employee contract, and the terms of employment of administrative, classified, and contingent employees. Students and employees who use, possess, or sell illegal drugs are subject to criminal prosecution as well as administrative disciplinary actions including mandatory counseling, suspension, or dismissal.

Enforcement

The possession, sale or furnishing of alcohol and illicit drugs on Southern Crescent Technical College property is governed by the College's Substance Abuse Policy and state and federal laws.

These laws are strictly enforced by the SCTC Campus Safety and Security Department. Violators are subject to College disciplinary action, criminal prosecution, fines, and/or imprisonment.

Education

Drug and alcohol abuse prevention programs are presented each year through Student Affairs.

The Office of Student Affairs/Special Services provides workshops that:

- Educate and increase student awareness regarding Drugs/Alcohol.
- Introduce students to support services regarding Drugs/Alcohol.
- Raise awareness through a Drug/Alcohol Awareness Workshop for students conducted by the Multi-Jurisdictional Drug Task Force of the DEA.
- Educate students about the Tiger Assistance Program (TAP), which provides students assistance through consultants in Managed Behavioral Health (TAP), as well as support services for drug/alcohol abuse.

Unfounded Crime Reports

A reported Clery crime to the SCTC Campus Safety and Security Department may not be withheld or subsequently removed from the Clery crime statistics data based on a decision by a court, coroner, jury, prosecutor, or other similar non-campus official. However, a reported crime may be withheld or subsequently removed from the crime statistics in the rare situation where sworn law enforcement personnel have fully investigated the reported crime and, based on the results of a full investigation and evidence, have made a formal determination that the crime report is false or baseless and therefore unfounded. Only sworn or commissioned law enforcement personnel may unfind a crime report. It is important to note that the recovery of stolen property, the low value of stolen property, the refusal of the victim to cooperate with the prosecution, or the failure to make an arrest do not “unfound” a crime report.

Sex Offender Registration – Campus Sex Crimes Prevention Act

The Campus Sex Crimes Prevention Act is a federal law enacted October 28, 2000, that provides for the tracking of convicted, registered sex offenders enrolled as students at institutions of higher education, or working or volunteering on campus.

The act amends the Jacob Wetterling Crimes against Children and Sexually Violent Offender Registration Act that requires sex offenders already required to register in a state to provide notice, as required under state law, to each institution of higher education in that state at which the person is employed, carries on a vocation, or is a student. Furthermore, it requires that state procedures ensure that this registration information is promptly made available to law enforcement agencies with jurisdiction where the institutions of higher education are located and that it is entered into appropriate state records or data systems. These changes took effect October 28, 2002.

It also amends the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act to require institutions of higher education to issue a statement, in addition to other disclosures required under that act, advising the campus community where law enforcement agency information provided by a state concerning registered sex offenders may be obtained. These changes took effect October 28, 2002, and this notice took place beginning with the ASR due October 1, 2003.

Lastly, the act amends the Family Educational Rights and Privacy Act of 1974 to clarify that nothing in that act may be construed to prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders. It also requires the Secretary of Education to take appropriate steps to notify educational institutions that disclosure of this information is permitted.

To find the sex offender registry for Georgia, visit <https://gbi.georgia.gov/services/georgia-sex-offender-registry>. This website provides access to information on registrants employed or enrolled at Georgia institutions of higher education.

Megan's Law

In accordance with O.C.G.A. § 42-1-12, the Georgia Bureau of Investigation (GBI) is the central repository for Georgia's Violent Sexual Offender Registry. The GBI makes every effort to ensure that the information contained in the Georgia Sex Offender Registry is accurate. Disciplinary Action: Students

Regardless of criminal prosecution decisions, all criminal cases involving students, are referred by the SCTC Campus Safety and Security Department to the Vice President of Student Affairs. When there is evidence that a student has committed a crime on campus, disciplinary action at the SCTC may proceed whether criminal charges involving the same incident have been decided or dropped.

Violation of Law

- If a student is convicted or pleads nolo contendere to an off-campus violation of federal, state, or local law, but not with any other violation of the Student Code of Conduct, disciplinary action may be taken and sanctions imposed for misconduct that is detrimental to the technical college's vital interests and stated mission and purpose.
- Disciplinary proceedings may be instituted against a student charged with violation of a law that is also a violation of the Student Code of Conduct if both violations result from the same factual situation, without regard to criminal arrest and/or prosecution. Proceedings under the Student Code of Conduct may be carried out prior to, simultaneously with, or following criminal proceedings.
- When a student is charged by federal, state, or local authorities with a violation of law, the technical college will not request or agree to special consideration for that individual because of his/her status as a student. The technical college will cooperate fully with law enforcement and other agencies in the enforcement of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators. Individual students, acting in their personal capacities, remain free to interact with governmental representatives as they deem appropriate.

Student Disciplinary Procedure

The administration reserves the right to maintain a safe and orderly educational environment for students and employees. Therefore, when, in the judgment of technical college officials, a student's conduct disrupts or threatens to disrupt the SCTC community, appropriate disciplinary action will be taken to restore and protect the atmosphere of collegiality and mutual respect on campus. This procedure is intended to provide an orderly protocol for handling student disciplinary cases in accordance with the principles of due process and justice.

Filing a Complaint

- Any person may file a complaint with the Vice President for Student Affairs or the technical college president's designee against any student for an alleged violation of the Student Code of Conduct. The individual(s) initiating the action should complete a Student Code of Conduct Complaint Form, and provide it to the Vice President for Student Affairs or the technical college president's designee.

- Academic misconduct may be handled using this procedure or a separate Academic Misconduct Procedure at the discretion of the president.

Investigation and Decision

- Within five business days after the Student Code of Conduct Complaint Form (the complaint) is filed, the Vice President for Student Affairs or the technical college president's designee shall complete a preliminary investigation of the incident, and schedule a meeting with the student against whom the complaint was filed to discuss the incident and the allegations. If additional time is necessary, the student will be notified. After discussing the complaint with the student, the Vice President for Student Affairs or the technical college president's designee shall determine whether the student committed the alleged conduct, and whether the alleged conduct constitutes a violation of the Student Code of Conduct.
- The student shall have five business days from the date contacted by the Vice President for Student Affairs or the technical college president's designee to schedule the meeting. This initial meeting may only be rescheduled one time. If the student fails to respond to the Vice President for Student Affairs or the technical college president's designee within five business days to schedule the meeting, reschedules the meeting more than once, or fails to appear at the meeting, the Vice President for Student Affairs or the technical college president's designee will consider the available evidence without student input and make a determination.
- If a complaint alleges violations of the Student Code of Conduct by more than one student, each student's disciplinary proceeding, as well as any appeals relating to that proceeding, shall be conducted individually.
- If the Vice President for Student Affairs or the technical college president's designee determines that the student is guilty of a violation of the Student Code of Conduct, he/she shall impose one or more disciplinary sanctions consistent with those described below. If the Vice President for Student Affairs or the technical college president's designee determines that the alleged conduct did not occur, or that the conduct was not a violation of the Student Code of Conduct, he/she shall not impose any disciplinary sanctions on the student and the investigation shall be closed.

Disciplinary Sanctions

After a determination that a student has violated the Student Code of Conduct, the Vice President for Student Affairs or the technical college president's designee may impose one or more of the following sanctions. Notification shall be sent to the student and the person(s) who initially filed the complaint.

- **Restitution**-A student who has committed an offense against property may be required to reimburse the technical college or other owner for damage to or misappropriation of such property. Any such payment in restitution shall be limited to the actual cost of repair or replacement.
- **Reprimand**-A written reprimand may be given to any student. Such a reprimand does not restrict the student in any way, but it signifies to the student that he/she is in effect being given another chance to conduct himself/herself as a proper member of the technical college community, and that any further violation may result in more serious sanctions.
- **Restriction**-A restriction upon a student's privileges for a period may be imposed. This restriction may include but is not limited to denial of the right to represent the technical college in any way, denial of use of facilities, alteration or revocation of parking privileges, or restrictions from participating in extracurricular activities.
- **Disciplinary probation**-Continued enrollment of a student on probation may be conditioned upon adherence to specified terms. Any student placed on probation will be notified of the terms and length of probation in writing. Any conduct determined after due process to be in violation of these terms while on probation may result in the imposition of more serious disciplinary sanctions, as specified by the terms of probation.

- **Failing or lowered grade**—In cases of academic misconduct, the Vice President for Student Affairs or the technical college president’s designee will make a recommendation to the Vice President for Academic Affairs or his/her designee who may authorize the instructor to award a failing or lowered grade in the course, or a loss of credit on the assignment or examination.

After a determination that a student has violated the Student Code of Conduct, the Vice President for Student Affairs or technical college president’s designee may recommend the imposition of one of the following sanctions if appropriate. The Vice President for Student Affairs’ recommendation will be forwarded to the hearing body, which may impose one or more of the following sanctions, as well as those described above, following a hearing. A copy of the written recommendation shall be provided to the student and the person filing the complaint:

- **Disciplinary suspension** – If a student is suspended, he/she is separated from the technical college for a stated period. Conditions of reinstatement, if any, must be stated in the notice of suspension.
- **Disciplinary expulsion** –Removal and exclusion from the technical college, technical college-controlled facilities, programs, events, and activities. A record of the reason for the student’s dismissal is maintained by the Vice President for Student Affairs or the technical college president’s designee. Students who have been dismissed from the technical college for any reason may apply in writing for reinstatement twelve (12) months following the expulsion. If approval for reinstatement is granted, the student will be placed on disciplinary probation for a specified term. The probationary status may be removed at the end of the specified term at the discretion of the Vice President for Student Affairs or the technical college president’s designee.
- **System-wide expulsion** – Where a student has been expelled or suspended three times from the same or different colleges in the Technical College System of Georgia in the past seven years, the student will not be permitted to register at any college in the Technical College System of Georgia for a period of ten years after the most recent expulsion/suspension.

Violation of Federal, State, or Local Law

If a student is convicted or pleads nolo contendere to an off-campus violation of federal, state, or local law, but not with any other violation of the Student Code of Conduct, disciplinary action may be taken and sanctions imposed for misconduct that is detrimental to the technical college’s vital interests and stated mission and purpose.

- Disciplinary proceedings may be instituted against a student charged with violation of a law that is also a violation of the Student Code of Conduct if both violations result from the same factual situation, without regard to criminal arrest and/or prosecution. Proceedings under this Student Code of Conduct may be carried out prior to, simultaneously with, or following criminal proceedings.
- When a student is charged by federal, state, or local authorities with a violation of law, the technical college will not request or agree to special considerations for that individual because of his/her status as a student. The technical college will cooperate fully with law enforcement and other agencies in the enforcement of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators. Individual students, acting in their personal capacities, remain free to interact with governmental representatives as they deem appropriate.

Interim Disciplinary Suspension

As a rule, the status of a student accused of violations of the Student Code of Conduct should not be altered until a final determination is made regarding the allegations against him/her. However, interim suspension may be imposed upon a finding by the Vice President for Student Affairs or the technical college president’s designee that the continued presence of the accused student on campus constitutes a potential or immediate threat to the safety and wellbeing of the accused student or any other member of the technical college community or its guests, or that the continued presence of the student on campus creates a risk of substantial disruption of

classroom or other technical college related activities. If an interim disciplinary suspension is imposed, the matter must be referred as soon as possible to the hearing body. The student need not request an appeal.

Conditions of Disciplinary Suspension and Expulsion

- A student who has been suspended or expelled from the technical college shall be denied all privileges afforded a student and shall be required to vacate technical college premises at a time determined by the Vice President.
- In addition, after vacating the technical college premises, a suspended or expelled student may not enter upon the technical college premises at any time, for any purpose, in the absence of written permission from Vice President for Student Affairs or the technical college president's designee. A suspended or expelled student must contact Vice President for Student Affairs or the technical college president's designee for permission to enter the technical college premises for a limited, specified purpose.
- If the student seeks to appeal the sanction, the student should contact the Vice President for Student Affairs or the technical college president's designee must accept the form by mail or fax if he/she refuses the student's request to enter the technical college premises for that specified purpose.
- A scheduled appeal hearing before the hearing body shall be understood as expressed permission from the Vice President for Student Affairs or the technical college president's designee for a student to enter the technical college premises for the duration of that hearing.

Mediation

- At the discretion of the technical college president, the technical college may adopt a mediation procedure to be utilized prior to the appeals set forth herein. Mediation may never be used in cases of alleged sexual misconduct.

Hearing/Appeals Procedure

- A student who wishes to appeal a disciplinary decision by the Vice President for Student Affairs or the technical college president's designee regarding an assigned sanction of restitution, reprimand, restriction, disciplinary probation, or failing or lowered grade must file a written notice of appeal through the technical college president's office for review by the hearing body within five business days of notification of the decision. The person filing the initial complaint against the student must be notified of the hearing date.
- If the Vice President for Student Affairs or technical college president's designee recommended a sanction of disciplinary suspension, disciplinary expulsion, interim disciplinary suspension, or system-wide expulsion, the matter will be referred to the hearing body by the Vice President for Student Affairs. The student need not file a written notice of his or her desire to appear before the hearing body. The person filing the initial complaint shall also be given notification of the hearing.
- The student will then have the right to appear in a hearing before a hearing body assigned by the president or his/her designee within 10 business days to present evidence and/or testimony. If the student has been placed on an interim disciplinary suspension, the hearing must be held as soon as possible, preferably within five days. The student has the right to be assisted by any single advisor he/she chooses, at his/her own expense. The student is responsible for presenting his/her own case and, therefore, advisors are not permitted to speak or to participate directly in any hearing before a hearing body. The hearing body may consist of a single person or a group of people drawn from the technical college community. There shall be a single official record, such as a tape recording, of all hearings before the hearing body. The record shall be the property of the technical college. The standard of proof in all hearings shall be a preponderance of the evidence. The chairperson of the hearing body shall notify the technical college president and the Vice President for Student Affairs in writing of the hearing body's decision. The technical college president or his/her designee will notify the student in writing of the hearing body's decision. If the student appeared before the hearing body to appeal the Vice President for Student Affairs or technical college president's designee's sanction

of restitution, reprimand, restriction, disciplinary probation, or failing or lowered grade, the hearing body's decision regarding the appeal is final. A copy of the hearing body's written decision will be provided to both the student and the person who filed the original complaint.

- If the student appeared before the hearing body after the Vice President for Student Affairs or technical college president's designee recommended disciplinary suspension, disciplinary expulsion, interim disciplinary suspension, or system-wide expulsion, the student shall have the opportunity to appeal directly to the technical college president.
- If entitled to an appeal to the technical college president, the student shall have five business days after receiving written notification of the hearing body's decision to request in writing an appeal. The student shall ensure that all relevant information is included with this request. The person who filed the original complaint shall be notified of the student's appeal. The president of the technical college or his/her designee's review shall be in writing and shall only consider evidence currently in the record, new facts not brought up in earlier stages of the appeal shall not be considered. The technical college president or his/her designee shall deliver the decision to the student and the person who filed the original complaint within 10 business days. The decision of the technical college president or his/her designee shall be final and binding.

Document Retention

The Vice President for Student Affairs or technical college president's designee shall retain a copy of all documents concerning complaints, investigations, administrative actions, and communications in relation to any incident that resulted in a disciplinary investigation of any kind against a student. The Vice President for Student Affairs or technical college president's designee will also retain records of any disciplinary appeals filed by the affected student, as well as the resulting record of appeal and decision submitted by the hearing body and Vice President for Student Affairs or technical college president's designee. A record of the final decision must also be retained. All records specified in this section shall be retained for a period of five years.

Disciplinary Action: Employees

The Technical College System of Georgia shall be dedicated to a non-punitive approach to employee discipline and a process designed to correct performance problems as they arise; to build genuine employee commitment to the organization; and to encourage effective working relationships between supervisors and their subordinate staff. Effective and timely decision-making, communication, and individual responsibility and accountability are critical to excellence in the delivery of service to our students and communities. As such, the commissioner shall develop a procedure incorporating these principles to be applicable to all technical colleges and the system office.
